June Edition

Uptick Curated is a chance to showcase some of the wonderful and talented creators from the Uptick Ecosystem. Each month we pick some of our favorites and share with the community.

We've been on the hunt for our favorite creations again, so let's get stuck into this month's edition!

Motroco stages a gritty, concept portrait in Ride or Die #6. Raw urban vibes gives this piece its punch, set against cold steel and dirt, creating a beautiful juxtaposition.

The Monk | Analog Bull

This composition pulls in bold color blocking and exaggerated contour to channel a pop art sensibility without relying on obvious iconography. It's part of a wider themed collection exploring a range of different forms and distorted identity.

Mount Patuha | TheMardaPicture

Mount Patuha's crater lake cuts a surreal contrast into the dense forest, with its electric blue water almost unnatural against the volcanic rock. The aerial view flattens the scale, but the sharp drop and saturated color create a beautifully composed shot.

AbstractLoop3D delivers a delicate composition of soft tones and floral detail. We loved the smooth gradients and balanced arrangement, creating a calm and elegant feel.
